Survey No. 1 & 31,
Govindapura, behind Yelahanka Air
Force Base, Yelahanka, Bengaluru,
Karnataka 560064

Vidyashilp Academy is recognized as one of the progressive institutions in North Bangalore, India. Community acknowledges the School culture as being highly spirited, uniquely vibrant and absolutely energizing with a shared belief and value system. Focus on Freedom, Exuberance and Intrinsic motivation for learning continuously navigates the Schools' initiatives. Students bloom as individuals, discover their strengths and strive reaching the next levels in every field they choose. In recognition of these, an invite by UNESCO Bangkok last year to participate in the HAPPY SCHOOLS Seminar deepens conviction about the School's philosophy and focus on promoting Happiness.

Deeming the need for a child centric approach while planning all initiatives, a spiralling curriculum is designed with threads running through topics, subjects and classes. Content is appropriately researched and developed by faculty, while preparing students both at the National level and the International Cambridge level.

During the formative years, a broad based is offered with a strong emphasis on concept understanding and skill development pertaining to each subject. While activities that involve higher order cognitive thinking are an integral part of the assessment, continuous evaluation has certainly contributed in creating an evolved and customised learning programme continuously. As students progress to higher levels, lesson plans compliment the syllabus. Extensive research, technology integration and real life relevance helps in nurturing the learning fervour among all.

Integrated into the curriculum, are activities that exclusively focus on developing varied Skills:

- Shilp Encounter, an initiative to develop soft skills and help children debate on a wide range of current topics.
- Shilp Dew, bimonthly news journal released by the student's editorial team.
- Shilp Sparsh an initiative to strengthen inter and intra personal Skills where Students have an opportunity to connect and bridge the divide of stratification by sharing resources with rural schools in the neighborhood.
- Shilp Greenergy contributing to the 'go green concept' .The eighteen acre lush greenland on which the institution stands magnificently is nourished using the manure from vermi-composting produced in-house. To append, our students have also been successful in associating with a few corporates in Bangalore pursuing this initiative.
- Shilp Entrepreneurship Program me facilitates hands on experience into the Business world.

With a strong belief that every individual in endowed with inherent talent, students are helped to experience each of the above mentioned platform as part of their curriculum. This certainly helps to augment the learning faculties as well as develop their overall personality.

Alumni feedback reflects comfort in adapting within the country as well as internationally due to their self confidence, effective communication skills and empathetic personalities

The following is a list of Universities where students since 2005 graduating batch till date continued their further education

US
